**ADVISORY COUNCIL MEETING
NOTICE & AGENDA**

Teleconference Meeting

Thursday, June 23, 2016, 9:00 a.m.

Bureau of Electronic and Appliance Repair,
Home Furnishings and Thermal Insulation

Meeting Location: Department of Consumer Affairs
DCA HQ 2, Hearing Room 186
1747 North Market Blvd., Sacramento, CA 95834

Teleconference Phone Number: (866) 842-2981
Participant Passcode #: 4598662

Advisory Council Members

Sharron Bradley, Industry (HFTI)
Burt Grimes, Industry (HFTI)
Judy Levin, Public (HFTI)
Joanne Mikami, Public (EAR & HFTI)
David Spears, Industry (EAR)
David Yarbrough, Industry (HFTI)

Donald Erwin, Industry (EAR)
Timothy Hawkins, Industry (EAR)
Donald Lucas, Public (HFTI)
Leonard Price, Public (EAR)
David Velasquez, Industry (EAR)

Unless noticed for a specific time, items may be heard at any time during the period of the Council meeting. The Bureau welcomes and encourages public participation in its meetings. The public may take appropriate opportunities to comment on any issue before the Bureau at the time the item is heard. If public comment is not specifically requested, members of the public should feel free to request an opportunity to comment.

1. Welcome and Introductions
2. Administrative Update

Electronic and Appliance Repair Agenda Items

3. Southern California Enforcement Sweeps
4. La Puente Adult Education Program
5. Service Contract Working Group Update
6. Summary of Professional Servicers Organization of California 2016 Convention and R-600 Repair Issues
7. Public Comment on Electronic and Appliance Repair Items not on the Agenda

General Bureau Business Agenda Items

8. Legislative Update
9. Regulatory Update
10. Licensing and Enforcement Update
11. Bureau Outreach Update
12. Public Comment on Items not on the Agenda

Recess until 1:00 p.m.

The Advisory Council will reconvene at 1:00 p.m.

Home Furnishing and Thermal Insulation Agenda Items

13. Summary of 2016 IABFLO Conference and National and International Furniture News
14. Summary of Home Furnishings Shared Responsibility Laws (Business and Professions Code sections 19072 & 19072.5) and Red Tags (section 19202)
15. Furniture Reimbursement Statistics and Goals
16. TB 117-2013 and SB 1019 Compliance
17. Technical Bulletin 133 Status
18. Barrier Research Study Update
19. Home Furnishing Retail Advertisement Survey Update
20. Thermal Insulation Regulation Update
21. Public Comment on Home Furnishings and Thermal Insulation Items not on the Agenda
22. Adjournment

This meeting facility is accessible to the physically disabled. A person who needs a disability-related accommodation or modifications in order to participate in the meeting may make a request by contacting Victoria Hernandez at (916) 999-2055 or for the hearing impaired, TDD (800) 326-2297; or by sending a written request to the Bureau at 4244 South Market Court, Suite D, Sacramento, CA 95834-1243, Attention: Victoria. Providing at least five working days' notice before the meeting will help ensure the availability of accommodations or modifications.

Interested parties should call the Bureau at (916) 999-2055 to confirm.

Agenda Item 3: Southern California
Enforcement Sweeps

Southern California Enforcement Sweeps

- I. Bureau's efforts to exercise enforcement pertaining to unlicensed activity in San Diego (2 phases).
 - A. Phase 1 - February 8-12, 2016
 1. Conducted extensive research including delinquent reports, web searches, and placed calls to businesses. The Bureau's research efforts identified 140 delinquent licenses.
 2. Phase 1 of enforcement sweep was to follow up on 140 delinquents.
 3. Results:
 - a. 81 inspections conducted;
 - b. 60 licenses determined "out-of-business;"
 - c. 21 \$0 citations written - 16 businesses have renewed/complied, five businesses required issuance of \$250 citation during Phase 2;
 - d. After this work was completed, the Bureau still had a list of 59 businesses that required field visits for follow up to gain compliance.
 - B. Phase 2 - May 9-13, 2016
 1. Goal was to finish enforcement pertaining to all delinquents on the list of 140 from beginning of Phase 1.
 2. 59 businesses with delinquent licenses remained after Phase 1. During Phase 2, all 59 were visited and have complied or were issued a \$250 citation.
 3. Field Enforcement Teams also identified and cited 15 unlicensed businesses. These were random finds unrelated to the existing list of delinquents.
- II. Future Sweeps
 1. The Bureau will be doing an enforcement sweep in Sacramento/Bay Area and greater Northern California in the coming seven months. The Bureau will bring the field team from Southern California up north to assist in following up on outstanding delinquent licenses and other enforcement issues.
 2. The Bureau will be conducting research efforts prior to the enforcement sweep to gain solid insight as to what businesses will require a visit.
- III. Bureau Recruiting - Working to fill two Field Representative positions in Northern California.

Agenda Item 5: Service Contract Working
Group Update

Service Contract Working Group Update

Tentative Time Line for Report Development:

- Week of May 31, 2016: Review outline and topic sections. Make revisions and additions to what the report should contain. Further assignments as needed.
- Week of July 1, 2016: First rough draft of report. Solicit additional comments and revisions.
- Week of August 1, 2016: Second rough draft of report. Additional comments and revisions.
- Week of September 1, 2016: Third rough draft of report. Additional comments and revisions.
- Week of October 1, 2016: Adjust and finalize report.
- October 13, 2016: Present report to Advisory Council

Currently Identified Areas of Discussion:

- Regulated offerings vs. non-regulated – examples
 - Bureau-regulated offerings
 - Department of Insurance regulated offerings
 - Non-regulated offerings
- Adequacy of consumer protection and recourse
 - Service contractor responsibility
 - Program dissolution
 - Record keeping/reporting
 - Filing contracts before use
 - Bankruptcy
 - Notification of insurance policy termination
- Consumer perception and expectation
 - Survey review
 - Bureau market condition findings
 - Mason-Dixon National Warranty survey results
- Future of the market (growth, marketing, potential offerings)
- Relevancy of current statute and regulations to current and future marketplace
 - Where is Bureau regulation lacking?
 - Recommendations regarding product coverage (list, vs. generic)
 - Inconsistencies in Song-Beverly Consumer Warranty Act
 - Civil Code §1793.2 restricts the length of term of warranty service contracts (Agreement between independent repair facilities and the manufacturer) to one year.

Agenda Item 9: Regulatory Update

BEARHFTI Regulatory Update

Program	Subject	Issue	CCR Section(s)	Priority	Status
HFTI	Licensing Fee Increases	Raise HFTI licensing fees following passage of AB1175	4 CCR 1107	High	To be noticed by Office of Administrative Law June 26, 2016.
EAR	Registration Fee Increases	Raise EAR registration fees following passage of AB1175	16 CCR 2760	High	In Departmental Review
EAR	Citation Fee Cap Increase	Align citation fees with allowed fines in general statute	16 CCR 2771 and 2772	High	In Departmental Review
EAR	Service Contract Application	Revise to no longer require in regulation	16 CCR 2756	High	Bureau currently drafting
HFTI	Advertising	Update advertising regulations to address current market practices	4 CCR 1300 et seq.	High	Research and discussion phase - Retailer Surveys In Progress
HFTI	Thermal Insulation	Revise to make language current	Title 24, Part 12	High	Bureau finalizing draft, planned submittal to Department, July 1, 2016.
HFTI	TB 133 Reference Removal	Remove TB 133 standard requirement for certain high occupancy buildings.	4 CCR 1374, 1374.3 Title 24 Part 9	High	Bureau conducting further research.

HFTI	Law Label Update	Update appropriate use of filling material terms and improve conformity with national trends.	Numerous provisions within Title 4.	Medium	Stakeholder discussion and drafting to commence 2017.
HFTI	Citation Fee Cap Increase	Align citation fees with allowed fines in general statute	4 CCR 1383.2	Medium	Bureau currently drafting
EAR	Disciplinary Guidelines	Update with additional probationary provisions	16 CCR 2775	Medium	Bureau currently drafting
HFTI	Disciplinary Guidelines	Update with additional probationary provisions	4 CCR 1379	Medium	Bureau currently drafting
EAR	Advertising	Update advertising regulations to address current market practices and to require registration numbers in advertisement	16 CCR 2751 et seq.	Medium	Research and discussion phase
HFTI	Labeling Updates	Revise to make language current, add plumage label example	4 CCR 1125 et seq.	Medium	Research and discussion phase
HFTI	Laboratory Terminology	Update to include current materials	TBD	Medium	Research and discussion phase

BEARHFTI Regulatory Update

Program	Subject	Issue	CCR Section(s)	Priority	Status
EAR	Obsolete technology	Remove references to picture tube grading and other technology that is no longer relevant	16 CCR 2727 et seq.	Low	Bureau currently drafting
HFTI	Water Beds	Remove and update references	TBD	Low	To be incorporated into law label rulemaking
HFTI	Plumage	Update cleanliness requirements, evaluate oxygen standard, update citation regulations to remove obsolete fine authority for section 1192.1, and add fine authority for section 1193.	4 CCR 1193(h), 1383.2	Low	To be incorporated into law label rulemaking
HFTI	Damaged Feathers	Assess current damaged feather failure rate and evaluate changing current standard to sliding scale	4 CCR 1193(b), 1193(c)	Low	To be incorporated into law label rulemaking
HFTI	Mattresses	Update flammability regulations to include smoldering resistance requirements of 16 CFR 1632	TBD	Low	Under consideration
HFTI	Obsolete Regulations	Repeal obsolete language within the general provisions and citation regulations	4 CCR 1114-1121, 1383.2	Low	To be incorporated into law label rulemaking
EAR	Registration Renewals	Update registration renewal regulations and applications to include criminal history inquiry	TBD	Low	Under consideration

**Home Furnishing and Thermal Insulation Proposed Fee Changes
(Expected Effective October 2016)
Renewed Every Two Years**

Section 1107(a) Subsections and License Type	Current Fee	Proposed Fee	Amount of Increase
(1) Importer's License	\$650	\$750	\$100 (15.38%)
(2) Furniture and Bedding Manufacturer's License	\$650	\$750	\$100 (15.38%)
(3) Wholesale Furniture and Bedding Dealer's License	\$540	\$625	\$85 (15.74%)
(4) Supply Dealer's License	\$540	\$625	\$85 (15.74%)
(5) Custom Upholsterer's License	\$360	\$420	\$60 (16.67%)
(6) Sanitizer's License	\$360	\$420	\$60 (16.67%)

▶ Welcome to the Bureau of Electronic and Appliance Repair, Home Furnishings and Thermal Insulation (BEARHFTI)

At the Bureau, we strive to protect consumers, work with and educate businesses so we can be mutually successful in today's challenging marketplace.

The Bureau is comprised of a group of skilled individuals, many coming from the industry itself, who conduct inspections, process licenses and enforce compliance with the law. Our dedicated team has an open communication with the public and the industry, welcoming feedback, suggestions, and innovative ideas to continually improve our services.

Please let us know how we can better serve you. We are here to help.

LICENSING REQUIREMENTS

Who Gets Licensed?

If you conduct business in the home furnishings and bedding industry, you are required to maintain a valid license issued by BEARHFTI. Businesses are required to be licensed **BEFORE** they can operate or provide a service (Business and Professions Code section 19049).

If you are unsure what type of license you need or have any questions about the different license types available, contact BEARHFTI by e-mail at homeproducts@dca.ca.gov or by calling (916) 999-2041. You may seek additional information on the BEARHFTI website at www.bearhfti.ca.gov.

ENFORCEMENT

BEARHFTI laws and regulations are enforced through routine inspections. Enforcement also includes the flammability testing of products and the review of product labels, which is performed at BEARHFTI's laboratory. If a licensee refuses to correct violations identified by BEARHFTI, citations and penalties will be assessed or legal action may be taken against the business.

CALIFORNIA UPHOLSTERED FURNITURE AND BEDDING LAWS

BEARHFTI

BUREAU OF ELECTRONIC & APPLIANCE REPAIR,
HOME FURNISHINGS & THERMAL INSULATION

BUREAU OF ELECTRONIC & APPLIANCE REPAIR, HOME FURNISHINGS & THERMAL INSULATION

The Bureau of Electronic & Appliance Repair, Home Furnishings & Thermal Insulation (BEARHFTI/Bureau) is the regulatory agency, under the California Department of Consumer Affairs, that oversees the licensing and inspection of businesses that sell upholstered furniture and bedding products to California consumers. BEARHFTI enforces the Home Furnishings and Thermal Insulation Act, which requires all upholstered furniture and bedding products meet certain flammability standards and labeling requirements before they can be offered for sale to consumers.

STATE REGISTRY NUMBERS

BEARHFTI issues a registry number to manufacturers, custom upholsterers, and supply dealers when they are licensed. The registry number is used to identify the business that manufactured the product and the business' location. Consumers can look up the registry number on the Bureau's website www.bearhfti.ca.gov/enforcement/lookup.shtml to obtain manufacturing information.

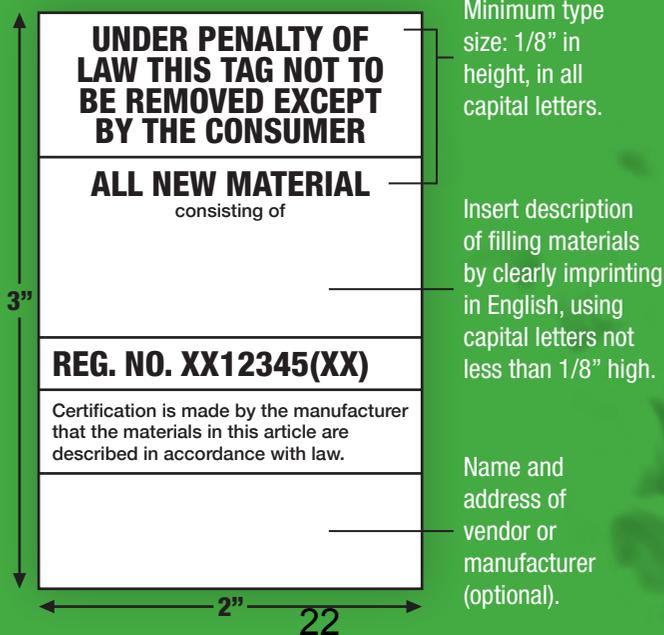

LABELING REQUIREMENTS

Articles of upholstered furniture and bedding must be properly labeled before they can be offered for sale. Labels must be securely attached to the product and easily visible at the point of sale. For all labels required by BEARHFTI, the size of the label must be a minimum of 2" x 3" and the type must be in black ink and a minimum of 1/8" in size.

LAW LABELS

Every article of upholstered furniture and bedding products must have a law label to identify the manufacturer, their location, and the filling materials that were used during the making of the product. White law labels are used for products made with new material, red law labels are used for products made with secondhand material, and green law labels are used for products made with the consumers' own material. This is an example of a law label for upholstered furniture with new material:

FLAMMABILITY LABEL AND FLAME RETARDANT CHEMICAL STATEMENT

In addition to a law label, flammability labels must be attached to upholstered furniture products to describe which flammability standard it meets. Products meeting Technical Bulletin 117-2013 must also have the flammability chemical statement on the label. The flammability chemical statement describes whether articles used to make the product contains flame retardant chemicals. This is an example of a flammability label for products that meet Technical Bulletin 117-2013:

NOTICE

THIS ARTICLE MEETS THE FLAMMABILITY REQUIREMENTS OF CALIFORNIA BUREAU OF ELECTRONIC AND APPLIANCE REPAIR, HOME FURNISHINGS AND THERMAL INSULATION TECHNICAL BULLETIN 117-2013. CARE SHOULD BE EXERCISED NEAR OPEN FLAME OR WITH BURNING CIGARETTES.

The upholstery materials in this product:

contain added flame retardant chemicals
 contain NO added flame retardant chemicals

The State of California has updated the flammability standard and determined that the fire safety requirements for this product can be met without adding flame retardant chemicals. The State has identified many flame retardant chemicals as being known to, or strongly suspected of, adversely impacting human health or development.

If consumers want to check if furniture is free of added flame retardant chemicals, they can ask the retailers to show them this label. Retailers are obligated to tip furniture or take other steps to make sure consumers can see this label.

For more label examples, go to BEARHFTI's website at www.bearhfti.ca.gov/industry/label_examples.pdf

Agenda Item 14: Summary of Home Furnishings and Thermal
Insulation Shared Responsibility

Shared Responsibility

BUSINESS AND PROFESSIONS CODE

19072.

Responsibility for compliance with this chapter rests not only with the manufacturer but also with the importer, wholesaler, retailer, or any person having in his or her possession any article of upholstered furniture or bedding, or filling materials with intent to resell contrary to the provisions of this chapter.

(Amended by Stats. 1996, Ch. 1137, Sec. 44. Effective January 1, 1997.)

1

BUSINESS AND PROFESSIONS CODE

19072.5.

Importers, wholesalers, and retailers shall not sell or resell in California unlabeled upholstered furniture or bedding. Importers, wholesalers, and retailers shall obtain labels from the manufacturer of those articles and shall affix the labels before offering any upholstered furniture or bedding for sale. This does not include furniture used exclusively for the purpose of physical fitness and exercise.

(Amended by Stats. 1996, Ch. 1137, Sec. 45. Effective January 1, 1997.)

LAB TEST RESULTS

Data for FYTD 15/16:

Completed Samples 07/01/15 - 05/31/16				
Type Test	Pass		Fail	
	No.	%	No.	%
TB117-2013 (upholstered furniture)	131	91	13	9
16CFR1633 (mattress/mattress sets)	36	67	18	33
16CFR1632 (Mattress/mattress pads)	3	100	0	0
Plumage (Feather & Down)	1	50	1	50
Thermal Insulation	18	90	2	10
*Bedding (no flam)	(25)	N/A	0	N/A
**Labeling	36	16	192	84
Total ²	189	85	34	15

*Comforter, bed pillows, decorator pillows, quilts, body pillow or any other type of product that does not require flammability testing or plumage analysis.

**This category includes labeling results for products with the exception of Thermal Insulation products.

²Total results do not include bedding, labeling or FR Doc.

Agenda Item 18: Barrier Research Study Update

Open Flame Barrier Study

Full-Scale Validation Mockup Open Flame Tests

The full scale validation tests will be conducted in the full-scale fire testing facility (burn room) under the calorimeter exhaust hood. The heat release rate and the total heat release will be measured and determined in these tests. The test duration will not be pre-determined. The test will continue until either the test specimen self-extinguishes, or is fully consumed by the fire. The test duration will not exceed one hour.

Test Facility:

The mockup test specimen consisting of seat/back/arm cushions will be placed on a mockup chair metal test frame.

Conditioning:

Condition all specimens at a temperature of greater than 18°C (65°F) and less than 25°C (77°F) and less than 55% for at least 48 continuous hours prior to test.

Mockup Test Specimen:

The mockup test specimen consists of a seat, a back and two arm cushions as shown in Figure 1. The seat and the back cushions shall be 24" X 24" X 4". The arms shall be 24" X 12" X 4". The back cushion shall rest on the top of the seat cushion. The mockup assembly shall be placed on a metal test frame (the TB 133 mockup test frame shown in Figure 2 or a similar metal frame) during the test.

Test Procedure:

The butane flame ignition source will be applied to the middle of the seat/back crevice for a period of 70 seconds. The heat release rate (kW) and the total heat release (MW) will be recorded continuously during the test.

Lighting the igniter flame: (1) Open the butane tank slowly and light the end of the burner tube. Adjust the gas flow to the appropriate rate to achieve a 240 mm flame. (2) Allow the flame to stabilize for at least 2 minutes.

Starting and performing the test: (1) Place the lit burner tube in the crevice of the mockup so that the end of the igniter is at the center of the mockup equidistant from either edge. (2) Apply the flame for 70 ± 1 seconds, then immediately remove ignition source from the mockup.

Cessation of Test: Allow the specimen to burn out or suppress the fire at any time due to safety concerns.

Reporting the results: The heat release rate shall be recorded during the test. Report the maximum heat release rate and total heat release for the first 10 minutes of the test.

Materials to be used:

Cover Fabrics - Three cover fabrics:

- A fully synthetic
- A blend
- A smolder prone (natural fiber)

Barriers - Numbers to be decided. Possibly 5.

Foam - A low density non-FR polyurethane foam

All tests are done in triplicates.

Note: The seat, back and arm mockup cushions shall be sewn on all sides. No zippers shall be used.

Amount of Materials Needed for Full-Scale Evaluation Tests:

Needs 5 yd² of the cover fabric for each test run.

Needs 5 yd² of the barrier material for each test run.

Needs three 24" X 24" X 4" blocks of foam for each test run.

Cover Fabric Needed:

Total amount of each cover fabric needed (15+15 x N) yd² where N is the number of barriers selected for the full-scale tests.

Barrier Materials Needed:

Total amount of each barrier material needed: 47.5 yd². Obtain a minimum of 50 yd² or 50 lineal yards.

Non-FR Foam Needed:

Total number of foam blocks needed: (27+27xN) where N is the number of barriers selected for the full-scale tests.

Butane gas flame ignition source:

(With flame height and impingement time used by CPSC)

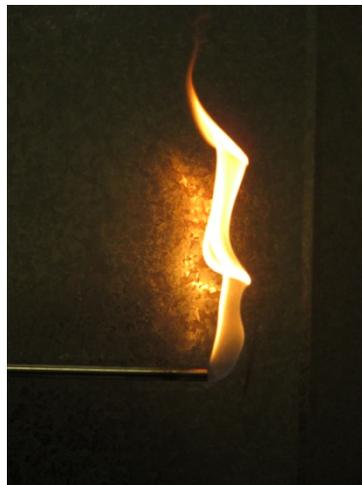

The following ignition source will be used for the full-scale mockup validation tests:

Butane gas burner tube flame ignition source:
